

From the bottom of my heart I want to say

*Thank you*

Together – we have made a difference.

Your support is invaluable and because of it, we were able to raise \$23,000 that goes directly to the Monash Children's Hospital in 2018.

Our event is also about raising awareness for our local Children's Hospital and for children's cancer, so thank you supporting Monash Children's Hospital and the miracles they perform there to save our children's lives!

I truly appreciate your contributions and look forward to working together again to make a difference for all our children.

Kind regards

Vanessa Miranda

*In appreciation  
of your support*
